

Dipl. Ing. Robert Mair

Senior Lecturer

*Institute of Architecture and Planning
University of Liechtenstein*

Dipl. Ing. Robert Mair is Senior Lecturer at the Institute of Architecture and Planning at the University of Liechtenstein, where he is teaching building construction, tectonics as well as co-teaching Sustainable Design in Masters Programme for 8 years now. Trained as an Architect at the Technical Universities of Graz and Delft, he was in practice in leading Architectural Offices around Europe. Since the initial idea of an Award in Sustainable Renovation and Construction in the Alps, he is part of the core-team, and was called as full jury member. Beside experimental work as holistic craftsmen, he is researching on Low Tech Building Solution in an international Cooperation.

Jury member

since 2015

Jury member in Constructive Alps 2015
